The Young Survival Coalition (www.youngsurvival.org) is the only international non-profit organization dedicated to the critical concerns and issues unique to young women and breast cancer. The YSC's core purpose is to improve the quality and quantity of life for young women affected by breast cancer.

Through action, advocacy and awareness, the YSC seeks to educate the medical, research, breast cancer and legislative communities and to persuade them to address breast cancer in women 40 and under. We continue to help spread the word that you're never too young to get breast cancer!
